Chief Court of Mysore,

Bangalore,

Dated 27th January 1919.

295 ... 1918.

From

G. SREENIVASA IYER, Esq., B.A., M.L.,

REGISTRAR OF THE CHIEF COURT OF MYSORE,

B A N G A L O R E.

To

C. S. BALASUNDARAM IYER, Esq., B. A.,

CHIEF SECRETARY TO THE GOVERNMENT OF MYSORE,

B A N G A L O R E.

S i r,

I am directed to state that the District Judge of Bangalore has forwarded with his recommendation the proposals of the First Munsiff of Bangalore for the increase of the clerical and process establishments of his court. The proposals of the Munsiff involve, as will be seen from his letter No. 76 dated the 16th September 1918, a copy of which is herewith forwarded, an addition of three clerks, one on Rs.35/-, one on Rs.30/- and one on Rs.25/- to the clerical establishment, and three amins, one of the first grade and two of the second grade and eight process peons, two of the first grade and six of the second grade to the process establishment.

From the figures furnished by the Munsiff, it is clear that there is a steady increase in the institution of original suits for the last five years and a tendency for increase in regard to the institution of Small Cause Suits, Miscellaneous and Execution Cases. Moreover, on

account

5

account of the large proportion of suits of comparatively high values filed in his court by reason of the Subordinate Judge of Bangalore exercising Small Cause jurisdiction up to Rs.300/- over the area comprised within his jurisdiction, the number of Contested Suits is also large, and heavy work is consequently thrown on the establishment consisting of fourteen hands including the apprentice clerk.

Proportionate to the rise in the number of institutions, there has been a steady increase in the number of processes to be served by the process department and the present staff is found inadequate for the work.

I am directed to state that after a careful consideration of the question, the Judges are of opinion that an addition both to the clerical and process establishments is necessary and they accordingly recommend the entertainment of two additional clerks, one on Rs.30/- and another on Rs.25/- and of one amin and two process peons all of the second grade.

I am to request that the Government may be pleased to accord sanction to the proposed additional establishment with effect from 1st July 1919, due provision therefor being made in the Budget for the next year.

I have the honor to be,

S i r,

Your most obedient servant,

Ramiah

R E G I S T R A R.

MSC.

Letter No.76 dated the 16th September 1918 from the First Munsiff of Bangalore to the District Judge of Bangalore.

Adverting to your No.1197/338 dated 5th instant, I have the honor to state that the work of this court has been steadily increasing as can be seen from the statement herein enclosed and the existing staff find it extremely difficult to keep pace with it.

The statement gives the statistics of this court together with the receipts and charges for the past 5 years.

I may bring to your notice in this connection that the work of this court has to be judged not only by the number of institutions which shows a steady increase, but also by the total number of suits for disposal for the year; for the pending file of original suits has gone on perceptibly increasing, year by year, with the result that it has assumed the proportion of 5::2 and has become one of the heaviest files in the province, while the number of old cases pending is the largest in this court as compared with the other courts in the province (Vide Chief Court Review dated 31st July 1918 for the Quarter ended 31st March 1918).

Again, the class of original suits filed in this court has to be distinguished from that in the other mofussil courts, inasmuch as the original jurisdiction of this court is confined to suits whose value is above Rs 300/-, so that, the suits filed here being of higher value, the percentage of contest will naturally be greater than in other courts. Consequently the work devolved upon the office is far too heavy for the present establishment to cope with. Further, with the increase of work in the original branch, there has been a corresponding increase in

the

7

the miscellaneous work also. For purposes of comparison, I may be permitted to mention here, the figures giving the provincial average for a Munsiff's court and they are 780 original and 534 Small Cause Suits (Vide Government Review No.J.2574-Cts.122-16-3 dated 22-1-17 on the Administration of Civil Justice in Mysore), and while the number of institutions of original suits in this court does not fall short of the general average, the number of Small Cause Suits filed are considerably larger, being nearly three times the number.

The present numerical strength of the establishment was fixed several years ago, under normal conditions of the work of this court, but now having regard to the increased volume of work that has to be turned out by the office as stated above, it is but fair and reasonable that an adequate addition should be made thereto.

The officials are all working very hard from 8 to 10 hours a day and despite their strenuous efforts to keep pace with the work, they find it absolutely difficult to prevent their work from falling into arrears and it is unjust to expect them to work in the same strain for much time longer; e.g., one clerk is deputed to write decrees and another to put up index and though they are trying their level best to keep their work under control by working overtime, they cannot help falling into arrears and they stand in need of urgent relief. In addition to the above, considering the large number of suits that are posted for hearing every day (about 70 to 80 suits including contested and uncontested cases) one clerk has to be detailed solely to record depositions while another has to be deputed to do the other portion of the bench clerk's duties to the detriment of the other branches of work in the office.

It

8

It will thus be seen that the establishment is clearly undermanned and I have therefore to request that 3 additional hands as noted in the margin may be kindly sanctioned to this court. The cost of the same can well be met with out of the annual savings from this court, which comes on an average to Rs 18,831-10-6 as shown in the statement. The proposition statement for the proposed increase is sent herewith.

x
1 on Rs 35/-
1 on Rs 30/-
1 on Rs 25/-

The Process Establishment of this Court also requires additional hands as explained in the explanatory memo enclosed herewith and the additional establishment asked for, may be kindly sanctioned.

The proposition statement necessary therefor is also appended hereto.

EXPLANATORY MEMO.

The present strength of the Process Establishment is as follows :-

	First grade.	Second grade.	Total
Amins ...	2	7	9
Process servers	6	16	22
		Grand total ...	31

2. Of the 22 process servers, 3 men are deputed as guards of this court by rotation and 3 as guards of the Court of the District Judge. Sometimes special orderlies have to be deputed, e.g. to the Chief Court. A small number of processes are given out to the orderlies also for service.

3. Excluding the hands enumerated above the number of men available for service of processes comes to about 14 and they are employed as shown below.

Apart from the processes that are to be executed in the City, the Taluk jurisdiction of the Court (for purposes of service and convenience) is divided into three blocks or Firkas. -

(i) Yelhanka, Hesarghatta and Yeswantpur Hoblis into one Firka requiring the services of two peons absolutely.

(ii) Begur, Uttarahalli and Kengeri Hoblis into one Firka which also require the services of two peons, and

(iii) The Hoblis of Krishnarajapura and Vartur into one block requiring two peons.

Thus

Thus it will be seen that the number of peons employed on outside service will be 6.

4. Deducting the six employed on outside service, men available for town service will be only 8. As the clerical work of this court is very heavy in all the branches and it is generally difficult to replace men on leave etc., sometimes literate process servers have to help. Margin has to be left for process servers going on leave and falling sick and new men entertained in their stead who are learning work.

5. The accompanying statement showing the work of the process establishment for the past 5 years will show that the number of processes served is double the minimum in the case of amins and nearly three times in the case of the process servers.

6. The staff is forced to cope with the work somehow which is steadily increasing every year especially in the case of process servers. (Vide Col. 5 of the statement). (It has increased 1 to 1½ times - the figures in 1913-14 being 10,840 and those in 1917-18 raising to 15,400.)

7. To lessen the pressure of work on the staff and to expect better work from the process servers and amins, it is submitted that an addition to the existing process establishment is necessary as under :-

	First grade.	Second grade.	Total
Amins ...	1	2	3
Process servers..	2	6	8

8. The cost can be met out of the annual savings from the stamp realizations on account of the service of processes which comes to about Rs. 6123/- on an average for the past five official years.

This is a legislative Council (vide para 10) and the Establishment must be given I think when the territorial jurisdiction of that Council was enlarged it was given the Cuddalapore Municipality Council. Final Note by the Third Member of Council.

Subject:— 39)

Revision of the establishment of the First Munsiff's Court, Bangalor

In July 1919, the Registrar, Chief Court of Mysore, submitted a proposition statement for increasing permanently the establsihment of the First Munsiff's Court, Bangalore, by the appointment of one Munshi on Rs.30/-, one Gumasta on Rs.25/-, one Amin on Rs.15/- and two peons on Rs.8/- each, the proposals involving an additional expenditure of Rs.1032/- per annum and the reason alleged for the recommendation being an increase in the institution of suits.

2. A comparative statement showing the number of suits, original and small cause, filed in the several Munsiffs' Courts and the number of hands sanctioned for each Court was obtained from the Chief Court, and it was suggested to the Chief Court whether some of the hands from the Chickballapur Court, which has not got a heavy file, might not be transferred to the First Munsiff's Court, Bangalore. The Chief Court however, replied that from a consideration of the work to be done and of the hands available it would be difficult to spare any hand from Chickballapur and requested sanction to their original proposals.

Pages 9 & 8 of Office Notes

3. I suggested, after consultation with the Financial Secretary, that under the circumstances an addition of one clerk on Rs.25/-, one Amin of the second grade and two process servers might be sanctioned.

Pages 10 & 11 of Office Notes

4. The Dewan and the other Members of Council have agreed to my proposal, which may be graciously approved.

Letter No. 70 dated the 16th September from the First Munsiff of Bangalore, to the District Judge of Bangalore.

Adverting to your No. 1197/338 dated the 5th instant, I have the honor to state that the work of this Court has been steadily increasing as can be seen from the statement herein enclosed and the existing staff find it extremely difficult to keep pace with it.

The statement gives the statistics of this Court together with the receipts and charges for the past 5 years.

I may bring to your notice in this connection that the work of this court has to be judged not only by the number of institutions which shows a steady increase, but also by the total number of suits for disposal for the year; for the pending file of original suits has gone on perceptably increasing, year by year, with the result that it has assumed the proportion of 5::2 and has become one of the heaviest files in the Province, while the number of old cases pending is the largest in this Court as compared with the other courts in the Province (Vide Chief Court review dated 31st July 1918 for the quarter ended 31st March 1918).

Again, the class of original suits filed in this court has to be distinguished from that in the other mofussil courts, inasmuch as the original jurisdiction of this court is confined to suits whose value is above Rs 300/-, so that, the suits filed here being of higher value, the percentage of contest will naturally be greater than in other courts. Consequently the work devolved upon the office is far too

heavy

heavy for the present establishment to cope with. Further. with the increase of work in the original branch, there has been a corresponding increase in the miscellaneous work also. For purposes of comparison, I may be permitted to mention here the figures giving the provincial average for a Munsiff's - court and they are 780 original and 534 Small Cause Suits (Vide Government Review No.J.2574-16-3 dated 22-1-17 on the administration of Civil Justice in Mysore) and while the number of institutions of original suits in this court does not fall short of the general average, the number of small cause suits filed are considerably larger, being nearly three times the number.

The present numerical strength of the establishment was fixed several years ago, under normal conditions of the work of this court, but now having regard to the increased volume of work that has to be turned out by the office as stated above, it is but fair and reasonable that an adequate addition should be made thereto.

The officials are all working very hard from 8 to 10 hours a day and despite their strenuous efforts to keep pace with the work, they find it absolutely difficult to prevent their work from falling into arrears and it is unjust to expect them to work in the same strain for much time longer; e.g., one clerk is deputed to write decrees and another to put up index and though they are trying their level best to keep their work under control by working overtime, they cannot help falling into arrears and they stand in need of urgent relief. In addition to the above, considering the large number of suits that are posted for hearing every day (about 70 to 80 suits including contested and uncontested cases) one clerk has to be detailed solely to record depositions while another has to be deputed to do the other portion of the bench clerk's duties

28

to the detriment of the other branches of work in the office.

It will thus be seen that the establishment is clearly undermanned and I have therefore to request that 3 additional hands as noted in the margin may be kindly sanctione to this court. The cost of the same can well be met with out of the annual savings from this court, which comes on an average to Rs 18,831-10-6 as shown in the statement. The proposition statement for the proposed increase is sent herewith.

1 on Rs 35/-
1 on Rs 30/-
1 on Rs 25/-

The Process Establishment of this court also requires additional hands as explained in the explanatory memo enclosed herewith and the additional establishment asked for, may be kindly sanctioned. The proposition statement necessary therefor is also appended hereto.

Sd/ A.Sreenivasa Raghava Char,

REGISTRAR.

Letter No. R.O.C. 408/1918-19 from the Registrar, Chief Court of Mysore, Bangalore, to the Chief Secretary to the Govt of Mysore.

I am directed to state that the District Judge of Bangalore has forwarded with his recommendation the proposals of the first Munsiff of Bangalore for the increase of the clerical and process establishments of his court. The proposals of the Munsiff involve as will be seen from his letter No. 76 dated the 16th September 1918 a copy of which is herewith forwarded, an addition of 3 clerks, one on Ts. 35/- one on Rs.30/- and one on Rs.25/- to the clerical establishment and 3 amins, one of the 1st grade and two of the 2nd grade and 8 process peons, 2 of the 1st grade and 6 of the 2nd grade to the process establishment.

From the figures furnished by the Munsiff, it is clear that there is steady increase in the institution of Original Suits for the last five years and a tendency for increase in regard to the institution of Small Cause Suits, Miscellaneous and Execution Cases. Moreover, an account of the large proportion of suits of comparatively high values filed in his court by reason of the Subordinate Judge of Bangalore exercising Small Cause jurisdiction up to Rs.3000/- over the area comprised within his jurisdiction , the number of contested suits is also large and heavy work is consequently thrown on the establishment consisting of 14 hands including the apprentice clerk.

Proportionate to the rise in the number of institutions, there has been a steady increase in the number of processes to be served by the process department and the

present

present staff is found inadequate for the work.

I am directed to state that after a careful consideration of the question the Judges are of opinion that an addition both to the clerical and process establishments is necessary and they accprdingly recommend the entertainment of two additional clerks one on Rs.30/- and another on Rs.25/- and of one amin and two process peons all of the 2nd grade.

am to request that the Government may be pleased to accord sanction to the proposed additional establishment with effect from 1st July 1919 due provision therefor being made in the Budget for the next year.

I have etc.

With reference to the correspondence ending with your letter No.408 dated the 18th August 1919, I am directed to state that from the statement furnished it is observed that the establishment attached to the Munsiff's Court at Chikballapur is ~~comparatively over manned, having 12~~ hands for a file not exceeding 1000 cases a year, ~~and that Government would suggest the transferring~~ some hands from this court to the First Munsiff's Court at Bangalore if the strengthening of the establishment of the latter courtis urgently needed.

With reference to your letter No: G.7953 Cts 13-19 dated the 24th September 1919, enquiring why some hands from the Munsiff's Court at Chickballapur may not be transferred to the First Munsiff's Court at Bangalore to strengthen the establishment of the latter court, I am directed to state that from a consideration of the work to be done and of the hands available, it will be difficult to spare any hand from Chickballapur and therefore to request that the Government may be pleased to sanction the proposals already made in my letter No: R.O.C. 408 of 1918-19 dated the 25th January 1919
